

The Community: Prophytes App

Prophytes App is a platform for Divine Nine community members who are serious about empowering each other, thriving professionally, and expanding their personal social circles. For the last decade, this one-of-a-kind platform has created more opportunities for the overall financial and social elevation of Divine Nine members; more so than any other platform. By strengthening the ties between all of the Black Greek Lettered Fraternities and Sororities of the Divine Nine, members of the Prophytes App honor the legacy we all joined as we crossed the burning sands!
